## TESTIMONIALS

*I have always found the bridal dance a fun part of a wedding night, so naturally I wanted to do the same when Ben and I got married.*

*Needless to say we are not the most elegant dancers, but Kaiti was fantastic with teaching us our bridal dance. She has an amazing way of breaking down the moves so they are easy to remember and perform. As we had a sizable bridal party, I also wanted to do a dance which included all of the bridal party members. It was such a great way for the bridal party to have some fun. Kaiti was amazing with organising the group and we all had so much fun learning the dance and doing it together. When I look back on photos and videos I love watching both bridal dances and it certainly was a highlight for us and our guests.*

*- Mads Nalder*

*I admit the dance was my idea and my fiancé Kurt hesitantly went along. After the first rehearsal we both walked out smiling & eager to return. Kurt admits the rehearsals were great fun & the steps were easy to learn with Kaiti's patience & encouragement. We danced to 'summer rain' and Kaiti knew exactly what creative touches to add to surprise and wow our family and friends. We were cheered & whistled. Our guests loved that we gave them a performance to remember.*
